Forklift Collision Avoidance System

360° Safety

Siren, red and yellow alerts

Blind Spot Safety Anchors

Forklift-forklift Detection

Pedestrian Detection

Configurable

Cost Effective

- **Forklift proximity detection**
- Siren/red/yellow alerting
- Speed limiting

- **360° detection with one sensor**
- Detect risks early

- **Fully configurable**
- App available
- Custom software

- **Pedestrian proximity detection**
- Pedestrian tag vibration alert

- **Safety anchors**
- Blind spot alerting
- Speed control zones

- **Cost effective**
- Don't compromise safety for budget
